EDUCATION

Radboud University in Nijmegen (2023-2026)

Concurrent Double Research Master's

1. [Cognitive Neuroscience](#)

Lifelong Learning and Neuroplasticity

Donders Institute for Brain, Cognition, and Behaviour

+16-EC Neurophilosophy **Minor**

2. [Behavioural Science](#)

Methodology, Statistics, Clinical Psychology

Behavioural Science Institute, Nijmegen

3. [Honours Academy Graduate](#)

3.1. Participatory & Citizen Science

3.2. External Internship Grant

Charles University in Prague (2020-2023)

Social Sciences & Humanities

Psychology Major & Interdisciplinary Minor

Faculty of Humanities, Prague 

Petr Šupa (He/Him)

RESEARCH AFFILIATIONS

- ◆ **1. Medical Psychology (Amsterdam UMC)** 2024–present
AFFIRM Relationships Project (David M. Doyle lab), Gender and Sexology (VUmc location)
Major Master's internship and project. ERC-funded, prospective transgender cohort study, contextualizing clinical data with behavioral and self-reported instruments.
- ✳ **2. Emory University School of Medicine (USA)** 2025–present
Emory University (Atlanta GA), United States
Remote collaboration with Deanna Kaplan, PhD and Roman Palitsky, PhD. Focus on ecological momentary assessment (EMA) of adverse effects in psilocybin use.
- ◆ **3. Psychedelic Research Center (Prague)** Summer 2025
National Institute of Mental Health (NIMH), Czechia
Radboud University €3000-awarded external internship. Supervised by MUDr. Tomáš Páleníček, PhD. Working on RCT phase I. clinical data and a scoping review.
- ✳ **4. Experimental Psychopath. and Treatment (Radboud)** 2023–2024
Cognitive Processes, Psychopathology & Treatment, Behavioural Science Institute, Netherlands
Minor Master's internship and project. Supervision by Prof. Mike Rinck. Focus on cognitive/behavioural biases in relation to students' mental health outcomes.
- ◆ **5. Department of Psychology and Life Sciences (Prague)** 2022–2023
Faculty of Humanities, Charles University, Prague
Bachelor's internship and project in Sex Research. Supervision by Prof. James Pfaus. Focus on the role of primary sexual experiences in later sexual trajectories.

RELEVANT EXPERTISE

- **1. Psilocybin Pre-vs-post EMA Analysis (2× projects)** 2025–present
Emory University, Department of Psychiatry and Behavioral Sciences, USA
Project on added value of multi-day repeated measures in capturing circadian rhythm-like fluctuations in health symptoms related to naturalistic psilocybin use.
- **2. Longitudinal Emotional Control Changes** 2025–present
Medical Psychology, Amsterdam UMC, David M. Doyle lab (VUmc), Netherlands
Preregistered Major Thesis at AFFIRM Relationships examining gender-affirming hormone therapy & emotional changes via individualized Bayesian mixed-models.
- **3. The Effect of Psilocybin on Emotion Recognition** 2025–present
Psychedelic Research Center, NIMH, Czechia
First-author, preregistered project on behavioural mechanisms of psilocybin's positive therapeutic change, with links to depression/mood self-report outcomes.
- **4. Behavioural Biases and Mental Health Outcomes** 2023–2024
Cognitive Processes, Psychopathology & Treatment, Radboud University
Association of loneliness, depression, and social anxiety symptoms to approach-avoidance responses to social-emotional facial stimuli in young adults.

VALUES

- People-Centred Approach 
- Diversity, Equity, Inclusion 
- Bio-Psycho-Social Contextualization 
- 'Real-world Problem' Oriented Research 
- Team & Interdisciplinary Science 
- Cross-national Collaboration 

SKILLS

- Excellent English Proficiency
 - German and Dutch Basics
- Software: R[Studio]
 - Python/PsychoPy, Matlab
- Data: Longitudinal, Clinical, EMA
 - Bayesian Mixed Effects Modelling
- Multi-level and Complex System Thinking
- Trans-disciplinary Research Expertise

TIMELINE

Born Thursday 13.05.1999 

Šumperk, Czechia 

Primary & Secondary Education 

Šumperk, Czechia
2006–2019 

Secondary Education Exchange 

Utrecht, Odense
2016 & 2019  

Travelling, Working, COVID-19 

Netherlands, Czechia, Iceland
2019–2020   

First Bc. year (Charles University) 

Prague, Czechia
2020–2021 

Second Bc. year (RU 1st Erasmus) 

½ Prague → ½ Nijmegen
2021–2022  

Third Bc. year (RU 2nd Erasmus) 

½ Prague → ½ Nijmegen
2022–2023  

MSc. Behavioural Science (RU) 

Nijmegen → Amsterdam, Netherlands
September 2023–July 2026 

MSc. Cognitive Neuroscience (RU) 

Nijmegen → Amsterdam, Netherlands
February 2024–July 2026 

5. Primary Sexual Experiences and Sexuality

2022–2023

Faculty of Humanities, Charles University in Prague & Center for Sexual Health

Self-reported associations between the quality of first-time sexual experiences and sexual orientation development in diverse sample. 430 participants data.

6. Perception of (Trans-)Gender Identity [Qualitative]

2022

Self-Perception of Gender Identity in Trans and Gender Diverse (TGD) Emerging Adults

Project comprised of 10 semi-structured interviews about lived-expertise of gender identity development; showing need involving diverse sample in research.

TEACHING & ASSISTING

1. Teaching Assistant: Research Methods & Supervision

2023–present

Radboud University, Nijmegen, Netherlands

Led [a] two seminars on research methodology, statistics, and interventions, and [b] supervised >40 undergrad. psychology students' quantitative research projects.

2. Research Assistantships (3× positions)

2023–present

Social-Cultural Psychology & Language department, Nijmegen, Netherlands

Paid research assistantships at Behavioural Science Institute research projects: [a] RCTs meta-analysis, [b] developing interventions, [c] dynamic cluster analysis.

3. Other Research Labs / Groups Experience

2023–2025

Radboud University, Nijmegen, Netherlands

Learning & Decision-making Lab (H. den Ouden), Behavioural Neurogenetics (J. Homberg), and Multisensory Perception, Learning and Attention (U. Noppeney)

SOCIETY & LEADERSHIP

1. Two Conference Talks & Poster Presentations

2026

Delivered two conference talks on "Psilocybin in (E)motion" with an accompanying poster, presented across three conferences in 2026 (Synapsium, ICPR, ČNPS)

2. ~12000€ Worth of Individual Grants & Scholarships

2022–2026

Awarded three 3300€ Erasmus+ mobility and 3000€ Radboud Honours Academy grants, and five eCOST or private scholarships to attend conferences (see below).

3. Psychedelic and Theoretical Psychology Associations

2023–present

Active member of PSY-NET (eCOST), OPEN Foundation, Amsterdam Psychedelic Research Association, Radboud Theoretical Psychology, and Gender & Sexuality.

4. Chair of Education Committee (Maizena Study Assoc.)

2023–2024

Leading organization of events regarding psychedelic research, PhD pathways, AI tools, or academic job market. Non-hierarchical power structure operational skills.

5. Honour's Project Impact (Citizen Participation)

2024–2025

Radboud Honours Academy think tank. An 8-month interdisciplinary collaboration addressing societal participation issue, partnered with Overbetuwe municipality.

6. Academic Conferences Attendance

2023–present

ICPR 2024 & ICPR 2026 (presenter, NL), SSA 2024 (UK), ECNP 2025 (NL), ČNPS 2026 (speaker, CZ), Synapsium 2026 (speaker/presenter; NL), BSI Day 2026 (NL)

7. Student Ambassador - Behavioural Science (MSc)

2024–2025

Representing Behavioural Science and Cognitive Neuroscience Research Master's as an ambassador at the Open Day and academic events across the Netherlands.
